

Concert in the Park Review List 2014

As always, play all the pieces you know up to your current level. Advanced students are encouraged to play harmony parts. You are encouraged to learn as much music outside the Suzuki books as you are comfortable with at your current level of study. The concert music will be chosen from the list below.

Please review your Book 1 pieces in the key of D Major (down one string) for the cellists. Also, sometimes, music selections may change and some will probably be cut (to keep the concert from being too long). We appreciate your flexibility!

.pdf files and audio files of the new music may be found at
dolcemusicstudio.com/cip2014
