## Frontal Lobe Friday

Can you pat your head and rub your stomach? Take your coordination to a whole new level with our Brain Gym activities designed to activate your brain for maximum learning and music making!

**OCT  
09**

## Freaky Friday

Dress up as your favorite character or composer for some freaky fun! There will be a special class for the parents while the students rehearse for a spooky "Hauntcert" performance during the second hour.

**NOV  
13**

## Formation Friday

Let's draw music! Using pen and paper, we will explore the structure of music and the building blocks that create the form and foundation of a piece. Music Mapping provides a visual representation of this structure which in turn helps to increase memory skills and overall understanding of music.

**JAN  
08**

## Fine Motor Friday

Dr. Suzuki thought origami was a wonderful way for his students to increase their fine motor skills. We will learn the Japanese art of folding paper to create and share something beautiful with others.

**FEB  
19**

## Fiddling Friday

Use your ears! We use our ears every day to learn our Suzuki repertoire. In this class you will exercise your ears by learning a brand new fiddle tune by ear!

**APR  
01**

## Friendship Friday

Make new friends as we welcome the Suzuki Music Columbus tour group from Ohio. We will polish our Suzuki repertoire and have some musical sharing time with the SMC students.

**MAY  
06**

## Fiesta Friday

Party, party, party! Bring the whole family as we share a combined group class play-in and pot-luck party!
